As a school system, we have been involved in intensive safety training with our community partners – the police, Child & Youth Mental Health and the Ministry of Children and Family Development. Together we have developed a district plan for responding to all situations in which students may be posing a threat to themselves or others. School District No. 73 has a policy in place that requires principals to activate a multidisciplinary “threat assessment” protocol in all cases of students making significant high level threats to harm themselves or others. The procedure is available on the school district website at www.sd73.bc.ca

- to ensure a full understanding of the context of the threat
- to understand the factors underlying the behaviours of the threat maker
- to be proactive in developing an intervention plan that addresses the emotional and physical safety of the threat maker
- to promote the emotional and physical safety of all

A student threat assessment will be initiated for behaviours including, but are not limited to:
